

YOUR HEALTH IS OUR PRIORITY!

MISSION

Southside Medical Center is committed to providing exceptional primary health care and related services to the medically underserved of Metropolitan Atlanta.

Southside has provided healthcare services to Metro Atlanta families for more than 55 years. Governed by a community-based Board of Directors and our CEO/President, David M. Williams, M.D., Southside Medical Center is a not-for-profit organization and Georgia's oldest community-based healthcare center. In 1967, Southside began serving Atlanta's underserved communities with highly trained physicians. Today, we continue that commitment by providing the best medical care with Compassion, Dedication and Excellence. As the demand for primary care services continues to grow in Metro-Atlanta, Southside Medical Center has expanded to seven counties across the state of Georgia with physician-group practices in Fulton, DeKalb, Gwinnett, Clayton, Butts, Spalding and Henry Counties.
